## “Improving the clinical management and prevention of melioidosis and tuberculosis in the UK and South East Asia”

### Call for participants to a research workshop in Thailand

Under the British Council Researcher Links scheme we will be holding a workshop on the above theme in Khon Kaen, Thailand on 5-9<sup>th</sup> January 2015. The workshop is being coordinated by Assist. Prof. Ganjana Lertmemongkolchai of Khon Kaen University and Dr Greg Bancroft of the London School of Hygiene & Tropical Medicine, and will have contributions from other leading researchers in the pathogenesis, immunology and clinical management of tuberculosis and melioidosis. We are now inviting Early Career Researchers from the UK and Thailand to apply to attend this workshop. **All travel and accommodation expenses will be covered by the Researcher Links programme.** The application form, more details on the initiative and a draft timetable are available on the web-links below.
